

NOEL HODSON – BUSINESS ADVICE

12 hours of professional business analyses, solutions, forecasts and action plans for your success

Together, we will work to resolve your commercial problems

Self-Employment for job-seekers, patents & inventions, start-up, creditors, customers, licenses, tax and legal battles, exports-imports, advertising, websites, on-shore / off-shore, redundancy, self-employment, market changes, board-control, shareholders, finance, grants, team disputes, liquidation, selling-up, and business expansion.

For start-ups, SMEs and family firms I work with you privately, one-to-one, through three half-day meetings, for a fixed fee of £950*. Jointly we analyse your business project, however small or large, to find ways through the commercial maze, red-tape and obstacles you are facing. Three meetings to produce a workable solution and direction! All our analyses, recommendations and conclusions are clearly recorded in writing. Meetings are spaced one-week apart to allow time for thinking, forecasts and research. We meet from 9.30am at my home-office in Oxford. Long distance and overseas clients can Teleconference.

[My discounted fixed fee service for SMEs is based on:](#)

- Three decades of experience
- Advising in more than 5,000 cases with successful results
- Providing accurate business-forecasting
- Successfully starting, expanding, financing and managing my own enterprises through three major recessions.

Use my knowledge and experience to help you take action on practical ways forward for your business. My goal is to help you to achieve your vision fully.

If you wish, it helps me if you prepare a one-page outline of your business or idea.
